**This training is aimed at all staff working in Aged Residential Care, Primary Care or providing support to palliative patients in the community**

**They can be studied in any order** but we recommend beginning with Essence and Ethical Issues of Palliative Care. There is no specified timeframe for completion of the full programme.

There are a number of learning requirements to gain certification for each package; course reading, workshop attendance and a post session learning activity.

**Certificates** will be issued when you have completed the full programme requirements.

**Venue:** All the workshops will be delivered at the Porirua/North Wellington Community Hospice site in Prosser Street, Titahi Bay Road, Porirua.

**Registrations are essential.**
